

Wilson Central School

Jeffrey Roth - Athletic Director

Athletic Placement Process Parental Permission

Dear Parent / Guardian:

There is a New York State regulation, which permits a few qualified 7th or 8th grade students to participate on an athletic team beyond their grade placement; it is called the *"Athletic Placement Process"*.

Your child may be eligible to participate in a sport above normal grade level. In order to establish the appropriate eligibility, we must have your permission to begin the screening process. The APP evaluates your child's physiological maturity (completed either by the School Physician or your Private Medical Provider) and physical fitness (by the Wilson Athletic Director or his designee) in relationship to other student athletes of the same age across New York State. If your child can successfully meet the requirements of the Athletic Placement Process, she/he may be eligible to tryout for a Junior Varsity or Varsity team.

Feel free to contact the Athletic Office with any questions.

Sincerely,

Jeffrey Roth
Athletic Director
