## **End-of-Year Push: Striving for Excellence as the School Year Wraps Up**

Dear Parents, Guardians, and Students,

As the end of the school year approaches, we find ourselves in the final stretch of what has been an eventful and rewarding academic journey. With approximately five weeks left, it's time for our students to gear up and strive for excellence in every aspect of their studies.

This is the time when every assignment, every project, and every test matters. It's crucial for students to give their best effort and complete each task to the best of their ability. Whether it's homework, classwork, or preparing for final exams, now is the moment to put in that extra effort to achieve success.

For students, this period can feel intense, but it's also an opportunity to demonstrate their skills and knowledge gained throughout the year. Embracing challenges and pushing themselves beyond their comfort zones will not only help them academically, but also foster a sense of accomplishment and resilience.

Beyond academics, the end of the school year offers a plethora of activities and events that enrich the student experience. From exciting field trips to outdoor classes on beautiful days, there are plenty of opportunities for students to engage with their learning environment in different ways. Moreover, we have chorus and band concerts where students can showcase their musical talents and hard work. These events not only celebrate the students' dedication, but also bring the community together in appreciation of their accomplishments.

One of the highlights of the end of the school year is the 8th-grade awards ceremony. We recognize and celebrate the achievements of our students across all subject areas. This ceremony is a testament to the hard work, perseverance, and dedication that our students have shown throughout the year. It's a moment of pride for both students and parents alike.

As we approach the end of the year, let's continue to encourage and support our students in their academic endeavors. Let's remind them of the importance of finishing strong, and the satisfaction that comes from knowing they gave it their all.

Thank you for your continued support and involvement in your child's education. Together, we can make these last weeks of the school year both successful and memorable.

Best regards,

*Scott Benton*

Mr. Scott Benton, Principal

In preparation of learning about the Holocaust and reading The Diary of Anne Frank play, our 8th grade students attended the play *I Never Saw Another Butterfly* at the Starry Night Theatre in North Tonawanda on Wednesday, March 6, 2023. The powerful, one-act drama told the story of how children and their very special teacher kept hope alive during the horrors of the Holocaust by engaging in the arts and relying on each other. The show was based on a true story featuring poems and artwork inspired by authentic work created in the Terezin concentration camp. Upon returning to school, our students enjoyed lunch and some time together. The afternoon consisted of meeting Mrs. Evie Weinstein, a second generation daughter of a Holocaust survivor. Through the Holocaust Resource Center of Buffalo, Mrs. Weinstein educates students all over Western New York of her own story from the Holocaust. In the end, her message to our students was to have “tolerance of others” and “do not be a bystander”. If we could do this, then maybe history won’t repeat itself. This was Mrs. Weinstein's first time here at Wilson and we look forward to welcoming her again so she can continue spreading her message of hope.

## **A HOLOCAUST DAY OF REMEMBRANCE**

## **6th GRADE VOLUME PROJECT**

Students in Miss Wilson’s math class became fish tank engineers in order to demonstrate their knowledge of volume and surface area. Rather than take a test at the end of their unit, the students engaged in this project-based learning activity. They were able to choose a “customer” who then filled out an order form to provide the students with a guideline for their fish tanks. The students were then tasked with making a 3-D model of a fish tank that fulfilled their customer’s order. Students had to take several factors into account including volume, surface area, and overall theme. Students were allowed to choose materials for their project. The project also included a short writing piece, explaining how the customer’s needs were met, and an oral presentation.

The 6th-graders did an outstanding job on such an in-depth project! There were many tanks that had personalized themes such as Buffalo Bills, SpongeBob, and even a kitchen-themed tank! Students were very creative in their designs and particular with their measurements. Some students even had to learn how to make a scale model in order to meet the volume their customer requested!

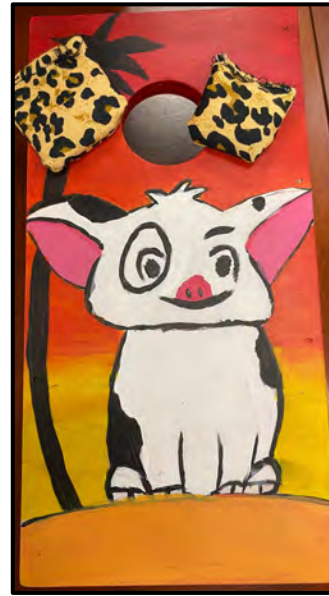

# CROSS CURRICULAR CORNHOLE BOARDS

*Mrs. Harvey, Mr. Harvey and Mr. Baker* teamed up on an impressive cross-curricular project this year that yielded fantastic results! During their woodworking class with Mr. Harvey, 7th and 8th grade classes constructed miniature cornhole boards that were about 12" long. They used the tablesaw, bandsaws and the drill press to cut the wood parts. They then assembled their board with the pneumatic nailer and finished the project by sanding off any rough edges in preparation for painting in art class.

Next, students sewed together miniature 2" bean bags in Mrs. Harvey's class, to use with the boards. They picked their own fabric, sewed their bags together and then filled the bags with rice. In Mr. Baker's art class, students designed thematic artwork to paint on their boards. Some themes included Americana, nature, whimsical characters, and abstract ideas.

The end results were functional, miniature cornhole boards painted with colorful designs. Many of the boards were featured in the Annual Student Art Show which will be on display in the Library Media Center throughout the month of May. Thank you to Mr. & Mrs. Harvey and Mr. Baker for teaming up to create such a fun and creative project that allowed their students to combine the skills they learned in each of their classes to create a useful and entertaining final product.

Special thanks to the **Educational Study Council**, for approving a grant that was used to purchase display materials. The plan is for the Showcase to become an annual event so middle schoolers are welcome to start thinking about ideas for next year!

## MRS. WASS'S IDITAROD RACE

Every year, Mrs. Wass's 6th grade reading class participates in the last great race, otherwise known as The Iditarod Trail Sled Dog Race. The students learned the history of the race, which began as a race to get a much needed vaccine to the village of Nome in order to end the diphtheria epidemic. Students also learned about the rules and regulations of the race, as well as statistics, and general information about raising and training sled dogs. Students chose a musher to research and follow throughout the race. The students found that the Iditarod is a very adventurous and dangerous race. There were 3 mushers that were attacked by a moose! Archer Serianni was the winner in the classroom, with his musher Jeff Deeter coming in 4th place with a time of 9 days 11 hours 52 minutes and 35 seconds. Aubrey Josker, with musher Jeff Reid, won the Red Lantern. The Red Lantern award is given to the last place finisher, and represents perseverance. The whole class had a great time learning about the race and following their mushers!

## MRS. FORSYTH'S ART RAFFLE

As part of an incentive program for her students, Mrs. Forsyth organized a raffle held in the LMC that took place on Thursday, March 14, 2024. The students earned tickets for good behavior, completing work on time, and kind acts. They earned enough tickets to use for the raffle that included thirty-two paintings and art related prizes. The idea to have the raffle originated when Mrs. Forsyth's son **Max**, who is currently working on his BFA in painting and illustration at Daemen University, decided that he wanted to donate some of his original paintings to a good home rather than sitting in his art studio in his basement. The students were very excited to use their well earned tickets in hopes to win an original piece of art. In addition, Max visited the middle school on the day of the raffle to draw the winners' names and to talk to them about art. He even received a few requests to draw some pictures for them on site. The raffle was a huge success and a fun experience for all involved.

# 8th GRADE

## GETTYSBURG/WASHINGTON DC

### TRIP

On April 24th, 8th grade students and chaperones adventured to Gettysburg, PA for the first stop of their three day trip. After a full day visiting historic Gettysburg, exploring the Civil War Battlefield site, and a private tour of the grounds, students went to their final destination near Washington DC.

During their second day, students and chaperones had a day filled with a guided tour of Washington DC's sites including; the White House, Capitol, Supreme Court, Jefferson Memorial, Lincoln Memorial, Vietnam Memorial, World War II Memorial, Korean War Memorial, FDR Memorial, MLK Jr. Memorial, Arlington Cemetery, and more. Students and chaperones walked over 10 miles taking in every moment possible of our historic United States capital.

On the final day, they toured the Smithsonian National Air and Space Museum, (Steven F. Udvar-Hazy Center) where they viewed many historical space and aircraft exhibits.

The first 8th Grade Washington DC Trip was a smashing success and the teachers are thrilled to announce they are already planning our second trip in April 2025. A presentation for incoming 8th grade students and parents will be given in September to prepare for the next Washington DC trip. Stay tuned!

## UNDERWATER MURAL BY MRS MEYERS'S CLASS

*Mrs. Meyers's* star students created an underwater mural in *Mr. Baker's* art class. The students worked hard on the drawings and perfected it with acrylic paint. With the help of *Mrs. Myers* and *Mrs. Jordan* the students added some real sea glass and seashells to create this mixed media artwork. We are so proud of how great they worked together to create this masterpiece.

Mr. Baker's Art Classes showed the teachers just how much they mean to them during Teacher Appreciation week!! The sidewalks around the Middle School were filled with words of praise and thanks!
